

3.2.2 - Number of workshops/seminars conducted on Research Methodology, Intellectual Property Rights (IPR) and entrepreneurship during the year

REPORT OF THE EVENT

Notice No./RIT/Workshop/2023/37

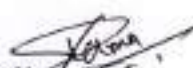

Date:-29/04/2023

Notice

It is informed to all students, staff and faculty members that **Mechanical Engineering Department** is organizing Workshop on **"3-D Printing Workshop & Application"** on **02.05.2023** in Seminar Hall.

Time: - **10:00 AM**

Venue: - **Main Seminar Hall, RIT Campus.**

ONE PAGE REPORT

Title	3-D Printing Workshop & Application Workshop
Name of Activity	Workshop on 3-D Printing Workshop & Application
Date	02-05-2023
Venue	Block A, IIC (Room AG13)
Organized by	Department of Mechanical Engineering
Resource Person	Mr. Priyank Jha
Participated by	All Branch and Semester
Activity In-charge	Dr. Rajeshwar Verma
Program Content	3D printing is a tool that allows people to create new things, limited only by imagination. 3D printing and modeling projects should empower students to take chances and make mistakes. Students will be introduced to 3D printing and learn how to create their own print files.
Program Objective	- The parts and the function of 3D printers - The materials used in 3D printing - The areas of human activities in which 3D printing is used - Operate a 3D printer - Set the proper properties to the printing software, in order to have a reliable print out - To prepare their 3D models for 3D printing - To recognize and to use productively the basic tools of a 3D design application.
Program Outcome	- To create products that is more customized and unique. - To create products that are more affordable - To create products that are more sustainable - To create products that are tailored to the specific needs of the customer

DEPARTMENT OF MECHANICAL ENGINEERING

ONE PAGE REPORT

Title	Drone Training & Assembly
Name of Activity	Drone Training & Assembly
Date	26/04/2023
Venue	AG-13
Organized by	Department of Mechanical Engineering & IIC
Resource Person	Dr. Rajeshwar Verma, Mr. Ashwini Bhoi, Mr. U.S. Patel, Mr. P.L. Yadu
Participated by	All Student of Engineering
Activity In-charge	Dr. Rajeshwar Verma
Program Content	IIC is conducting a one day training program on Drone Training & Assembly. The focus of this training is to give students a hands-on experience on Drone construction and flying that are used in industries involved in Drones, Augmented Reality and Virtual Reality. Understanding the need of the students to start from basics, the training will start from introduction to concept of drone and go up to building your own drone.
Program Objective	Participants will be introduced to the exciting world of Drone and its Assembly. Participants will be gaining knowledge on Aviation concepts, Drones and experience on Drone flying.
Program Outcome	Understand the historical development of unmanned aerial vehicles, Understand the guidelines of drone flying in India, Understand the structure of unmanned aerial vehicles, Understand different drone parts and their contribution for successful flight operation, Understand different types of drone circuits /electronic parts

Name of Activity	A 3 days workshop on Stock Trading
Date	10-13 April 2023
Venue	Seminar Hall
Organized by	National Institute of Securities Market (An educational initiatives of SEBI)
Resource Person	Dr. Priya Agrawal
Participated by	Students of MBA & MCA
Program Convener	Dr. J.H Vyas
Program Coordinator	Dr. SujitDey
Program Content	Awareness program on Stock market of India
Program Objective	i) To make students aware about functioning of Stock market. ii) To train the student about trading process. iii) To teach them minute things about the stock exchange.
Program Outcome	i) Students learned know about history of Stock market and its functioning. ii) Students learned about the formation of the Indian stock exchanges. iii) Students got live experience and knowledge about opportunities in Stock market.

Title	Demonstrative Presentation on Software Gaming
Name of Activity	Software Gaming
Date	07/04/2023 (from 12:00 PM onwards)
Venue	Seminar Hall Main Building
Organized by	Raipur Institute of Technology, Raipur (C.G)
Resource Person	Mr. Ali Asagar
Participated by	65 Participants : Faculty (04) / Students (61)
Program Convenor	Dr. Debabrata Mukhopadhyay
Program Coordinator	Dr. Vaishali Pendse
Program Content	Demonstrative Presentation on Software Gaming
Program Objective	1. To enable students to develop games individually and in teams 2. To understand the knowledge, selection process and application of adequate methods of design, algorithms, programming languages, tools for development and implementation of techniques
Program Outcome	The students will be able to: 1. Solve a problem, motivate, and promote learning using game-based thinking and techniques. 2. Equip with valuable STEM skills and dispositions, from coding and programming to computational and design thinking.

ONE PAGE REPORT

Title	AUTO-CAD Training(Workshop)
Name of Activity	Workshop on Auto-CAD Training.
Date	22-03-2023 to 30-03-2023
Venue	CAD Lab RITEE, Raipur
Organized by	Department of Mechanical Engineering & Department of Civil Engineering.
Resource Person	Mr. Ashwini Bhoi, Mr Kamlesh Chnadrakar, Mr. Anoop Kumar
Participated by	B.Tech 4 th & 6 th (Mechanical & Civil Engineering)
Activity In-charge	Dr Rajeshwar Verma & Mr. Gopesh Dawda
Program Content	Introduction to CAD software, Application of CAD, GUI, limits and units, Setting of status bar Option Snap, Grid, O-snap, Dynamic input, Ortho mode, Polar Traking, and etc. viewports and layer. 2-Dimnesional:-Drawing Tools: Circle, Arcs, Rectangle, Polygon, Ellipse, Spline, Poly-Line, and Multi-Line. Editing Tools: Trim, Move, Copy, Rotate. Geometry Modifying Tools: Fillet, Chamfer, Scale, Stretch. Copying Tools: Array, Mirror, and Offset. Dimensioning and Annotations. 3-Dimnesional:-Types of three dimensional model, basic primitives' tools
Program Objective	1. To know about Auto CAD and their applications. 2. To design 2-D and 3-D models in Auto-CAD software. 3. To create assembly from 3-D model of component.
Program Outcome	1. Students will be able to apply the knowledge and understanding of Auto CAD software. 2. Students are able to prepare 2-D and 3-D objects. 3. Students are used to 2-D and 3-D commands. 4. Students are able to create 3-D assembly modeling

RIT/MECH/Notice/2023/101

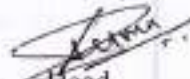

Date: 12/07/2023

NOTICE

Mechanical Department organizes a hands-on training session to enhance the skills & knowledge of department's faculty and staff as per following schedule:

S. No.	Date	Day	Time	Hands-on Training Session
1	17/07/2023	Monday	10:00 AM To 01:00 PM	Lathe Machine
2	18/07/2023	Tuesday		Lathe Machine
3	19/07/2023	Wednesday		Milling Machine
4	20/07/2023	Thursday		Shaper Machine
5	21/07/2023	Friday		Fitting/Carpentry
6	22/07/2023	Saturday		Welding/Moulding

It is compulsory to attend and get benefited from this training session to improve skills & knowledge.

Title	Digital Technologies & Industry 4.0 – Campus to Industry
Name of Activity	Guest Lecture on Digital Technologies & Industry 4.0 – Campus to Industry
Date	21-03-2023
Venue	Seminar Hall
Organized by	T&P Cell
Resource Person	Mr. Rabindra Shah
Participated by	B.Tech All Students
Activity In-charge	Mr. Niraj Kumar Nikkumbh
Program Content	The lecture encompassed several crucial aspects of Industry 4.0, highlighting: Technological Revolution Industry Needs and Challenges
Program Objective	• Technological Revolution • Role of Engineers • Industry Needs and Challenges.
Program Outcome	• He explained the various levels of Industrialization happening in the world giving lucid examples and practical illustrations and made the students to understand the status of Indian • Industrialization. He brought clarity on the distinctions between the Science, Engineering and • Technology and the role of a supply chain in current scenario. He pictured the marketplace evolution with the real-time case studies and made the students to interact by asking them to give the examples which they had come across.

ONE PAGE REPORT	
Title	Safety Management Systems (SMS) Aviation Training
Name of Activity	Safety Management Systems (SMS) Aviation Training Programme
Date	03-03-2023
Venue	Online Mode (Google Meet)
Organized by	Aviation Safety Management Society of India(ASMSI)
Resource Person	Air Commodore BS Siwach, Director General Aviation Safety India
Participated by	Mr.P.L. Yadu, Mr. Anoop Kumar, Mr Ashwini Bhoi, Mr Neeraj Nikkumbh, Mr. Satish Kumar
Activity In-charge	Mr.P.L. Yadu
Program Content	• Introduction to Safety Management; • State Safety Management responsibilities, Safety Management Systems Safety data and safety information collection, analysis, protection and exchange • Introduction to State Safety Management , State safety policy, objectives and resources, State Safety Risk Management , State Safety Assurance, State Safety Promotion , SSP implementation • Safety Policy and Objectives Safety Risk Management, Safety Assurance, Safety Promotion, Implementation Process
Program Objective	The course describes safety management provisions and the implementation of State Safety Programme (SSP) and Safety Management System (SMS) at State and service provider level, respectively.
Program Outcome	Apply the fundamental concepts and principles of aviation safety management; Develop SSP/SMS implementation plans based on the frameworks provided by Safety Management SARPs and guidance material, Participate in the organization's SSP/SMS implementation and operation.

ABOUT THE INSTITUTE

Raipur Institute of Technology was established in the year 1995 under the aegis of Mahanadi Education Society by a group of eminent technocrats, industrialists, and management professionals coming from diverse backgrounds in industry, consultancy, academics & social development sector with the aim of providing quality & contemporary technical education to the aspiring students keeping in view the needs and challenges of the third millennium. The institute is approved by All India Council for Technical Education (AICTE) and the State Government, Directorate of Technical Education and it is affiliated to Chhattisgarh Swami Vivekananda Technical University, Bilhail (C.G.)

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering was established in the year 1995 with an undergraduate program in Mechanical Engineering. Over the last two decades the department provides an excellent opportunity to learn fundamentals of mechanical engineering and applied research for undergraduate and postgraduate students. The department is running three different specialization courses (Thermal Engineering, Machine Design and Energy Management) in post-graduation level and also a recognized research center for conducting Ph.D. program under Chhattisgarh Swami Vivekananda Technical University (CSVTU), Bilhail, and Chhattisgarh. The department has the modern infrastructure to undertake high-end teaching, research and development activities in its modern laboratories, besides highly experienced faculty.

ABOUT SEMINAR

Drone Technology is an emerging field in engineering is used by thousands of universities globally for undergraduate students to learn engineering principles. UAVs were originally developed through the twentieth century for military missions too "dull, dirty or dangerous" for humans. As control technologies improved and costs fell, their use expanded to many non-military applications. These include aerial photography, precision agriculture, forest fire monitoring, river monitoring, environmental monitoring, policing and surveillance, infrastructure inspections, smuggling, product deliveries, entertainment, and drone racing. This seminar will provide a platform to the students of Mechanical, ET&T & CSE to learn fundamentals of Drone which will enhance the capability of students in projects, research and development of the society.

OBJECTIVES

- ❖ To introduce principle of Drone.
- ❖ To learn how to perform various types of drone & its requirements.
- ❖ To learn advanced concepts and commands of software used in Drone.
- ❖ To understand how simulate and model different types of Drones.
- ❖ To perform analyses in different situation for structures of Drone.

WORKSHOP/SEMINAR/WEBINAR REPORT

Name of Workshop/Seminar/Webinar: Thinking Design and Innovation	
Organizing Department: Institute Industry Interface Cell	Date: 14/12/2022
Resource Person: Er Inderjeet singh Bhalla	Venue: Main Seminar Hall
Program Co-Ordinator: Dr. Rajeshwar Verma	Number of Participants: 180
Report: Institute Industry Interface (III) Cell, RIT, Raipur organized one day seminar on Thinking, Design and Innovation for the students of RIT College on 14 th December 2022 at Main Seminar Hall. The inauguration of the program started at the scheduled time. The resource persons and the dignitaries arrived at 2:00 PM. The inaugural program started with the welcome speech of Dr. D. Mukhopadhyay (Principal, RIT) and felicitation of guests was done. The resource person of this seminar was Er. Inderjeet Singh Bhalla, Ex-Director (R&D), ideaForge Technology Limited, Navi Mumbai, enlightened the students about the drone technology and its utilization on various sector. Further, he delivers the basic principle of drone technology and its working. Also, the expert emphasizes the design of drone and its various parts required to manufacture the drone. The seminar ended with the vote of thanks by Dr. Swapnil Jain (IQAC, Coordinator).
